ABOUT ME

A passionate **Developer**, seeking opportunities to grow professionally and contribute in a meaningful way, always ready for an adventure.

EXPERIENCE

Technical Support Engineer @ Fireblocks

January 2022 – PRESENT

- Contributing as a **Full-Stack** engineer in the support department.
- Utilizing **React, Tailwind, Zustand, Zod, Prisma, tRPC, Node.JS** and **Typescript** to develop and enhance internal tools.
- Responsible for maintaining and developing new **features** to our internal tool, which assists in showing our system state and providing us better insights about our customers.
- Facilitating support team members in triggering events within the system.
- Currently working as a **Technical support engineer**, delivering great support to end-users by effectively addressing technical issues and providing troubleshooting solutions.
- Proficiently reviewed system logs using (Coralogix / Elastic), and monitor with Grafana to identify and address issues.
- Knowledge of **SQL** queries in order to extract data

Research Assistant @ AML

September 2017 – December 2020

- Worked as a research assistant in American Medical Laboratories.
- Developed a **C# (CSharp)** application in order to produce Covid-19 PDF files from test results of our patients data.

PERSONAL PROJECTS

Sport Court Rental | 🐙 GitHub

- Developed a dynamic sports court rental app using **Node, React-Native, Redux, AWS S3** and **MongoDB**
- Utilized AWS S3 for images storage, designed and implemented a user-friendly interface to reserve courts
- Created **Real-time** notifications to keep users informed about rentals using Expo framework

DevOps Bootcamp | 🐙 GitHub

- Built various production-grade CI/CD pipelines
- Technologies Used:
Linux, Git, Shell, Docker, Kubernetes, AWS EKS, Terraform, Ansible, Python, Flask, Prometheus, EC2
- Skills acquired:
CI/CD, IaC, Scripting, Container orchestration, Cloud platform, Monitoring

EDUCATION

Tel-Aviv Jaffa college

Nov 2018 – Jan 2022 | TLV

BSc, in **Computer Science**

GPA : 85

“Hadash” High School

2011 – 2014 | Herzliya

- 5 Units in Biology, Sea Sport & Anatomy
- 5 Units in English

SKILLS
